## The 'Baoyi-bodai' Style among Buddhist Garments and Its Evolution in Both the North and South of China

Fei Yong

The article Chinese appears  
from page 073 to 088.

**ABSTRACT:** The author examines the evolution of the Buddhist garments of thin fabric with narrow sashes called *baoyi-bodai* garments in the Southern and Northern Dynasties period, and reveals that the movement north of this style of garment at the end of the fifth century and in the mid-sixth century influenced the spread of Buddhist statuary.

**KEY WORDS:** Buddhist statuary; kasaya; *baoyi-bodai* garments.
